
	ISSUE: 9	DATE: 08/20	OWNER GM UK Fabrications
TITLE: AEP916 Environmental Policy Statement		AUTHORISED BY  Engineering and Quality Director	

ACCROFAB LIMITED
ENVIRONMENTAL POLICY STATEMENT

Accrofab Limited is a company at the forefront of UK engineering and manufactures high integrity and safety critical precision metal components, providing an end-to-end source for every aspect of the development and production of these components, primarily for the Aerospace industry. This integrated approach saves time, reduces administration and eliminates the risks associated with transferring production.

We operate a Management System in accordance with the requirements of BS EN ISO 14001:2015 in order to:

- Support our core values and strategic direction
- Demonstrate our commitment to the Environment
- Meet the requirements of our clients
- Ensure we reduce or prevent all forms of pollution
- Meet all Environmental Compliance obligations and regulations

We will review the risks and opportunities to our business and set objectives against which our performance can be measured to identify opportunities for continual improvement of the Management System and enhanced levels of our environmental performance.

This policy will be reviewed annually as part of the management review process, to ensure its continued relevance and adequacy in line with our continuous improvement processes.

It is an integral part of the company's training programme that ensures that this policy statement is briefed, understood and implemented at all levels within the company.

This policy will be available to interested parties upon request.
